This block contains a large, empty grid table. The grid consists of 10 columns and 25 rows, creating a total of 250 empty cells. The grid is intended for recording confirmed stations for the program "Glory!" in 2020.

The image displays a grid structure for data entry. It features a main grid of 28 rows and 11 columns. A single horizontal row, located in the 14th row from the top, is distinguished by a significantly thicker border, likely representing a header or a section separator. All other cells in the grid are currently empty.

The image displays a large grid of empty cells, consisting of 21 columns and 30 rows. This grid is intended for entering station data for the program 'Glory! - ABC' in 2020.
